THE ONLINE MSBA FROM WILLIAM & MARY
Do More With Data

William & Mary’s Online Master of Science in Business Analytics (MSBA) program helps ready you to enter the high-growth, high-impact field of data science. In our fast-paced, rigorous program, students learn how to apply various methodologies to practical business problems and how to best present analytical findings to convince managers to follow their recommendations.

Our intensive 32-credit-hour curriculum helps teach you the requisite analytic skills to work with big data sets, such as machine learning and artificial intelligence, and to solve complex problems using multiple methodologies. This helps prepare you to bring data-driven insights to your company’s bottom line, so you can become the ultimate data scientist, strategist and storyteller.

Online Program Structure

- 2 pre-program courses
- 4 prerequisites *
- 8 core courses
- 32 credits
- 3 starts per year: August, January and May
- 100% online (no residency)
- Complete in as few as 15 months**

Program Benefits

- Earn a respected, AACSB-accredited graduate business degree
- Master our program’s four pillars of business analytics: business acumen, math modeling, computing technologies and communicating with impact
- Build your workplace value by combining analytical fluency with key business communication skills
- Complete coursework and track your progress through our unique and engaging online learning platform
- Enjoy networking opportunities with successful Mason School of Business alumni

Admissions Requirements

- Completed online application, including:
  - Official academic transcripts
  - Two professional references
  - Personal essay
- Application fee of $100 (nonrefundable; a fee waiver may be available)
- A bachelor’s degree from a regionally accredited university with a GPA of 3.0 or higher (on a 4.0 scale)
- GMAT/GRE scores (a waiver may be available for qualified applicants)
- Proof of English language proficiency (for non-U.S. citizens)
- Personal admission interview
  - Qualified applicants who have submitted and completed their application will be invited to schedule a personal admission interview. Interviews can be conducted on campus, via video conference or by telephone

*At the discretion of the university, candidates can be granted a waiver for the four prerequisites based on successful completion of prior coursework.

**Students who are required to complete the prerequisite courses can graduate in as few as 18 months.
